NISSAN BUSINESS ADVANTAGE™

Your business & fleet is our priority

Businesses come in all shapes and sizes, so why shouldn't your work vehicle? Find your perfect vehicle for business with Nissan Business Advantage – where benefits meet your needs seamlessly.

What's the right size fleet for the job?

You could be starting a new business, expanding an existing business, or somewhere in between. Whatever the case, we can help you build a fleet to suit your business needs.

Small fleets are still a big business to you, and we know it's important to have a partner you can trust. That's why you'll find a variety of great programs, including availability for Roadside Assistance, unique sales incentives, and more.¹

Large fleets of 16 or more vehicles receive small-fleet benefits as well as enhancements, including volume-based incentives, a Regional Fleet Sales Representative to attend to your needs, and more.

OFFERS AND INCENTIVES

Financing & customization made easy

Nissan Motor Acceptance Company (NMAC) provides a line of credit (LOC) that is not only customized for your business needs but also helps streamline your lease or purchase process.

BUSINESS & FLEET INCENTIVE OFFERS

Nissan Business & Fleet customers have access to exclusive discounts and incentive programs, including vehicle incentives, financing, upfits & graphics, and service & maintenance programs, to fit your business needs. Special commercial lending is available; contact your local dealership for more information.^{2,3}

TRAC Leasing is a popular fleet financing solution for NMAC business customers. It's a Terminal Rental Adjustment Clause (TRAC) lease for vehicles used more than 50% of the time in trade or business of the lessee. A TRAC Lease is a unique version of the Fair Market Value (FMV) lease.

FRANCHISE VEHICLE SALES PROGRAM

Special incentives for franchisees

A unique part of Nissan Business & Fleet's platform is our Franchisee Program. The purpose of the Franchisee Program is to provide eligible distributors/franchisees the buying power of their collective group, and as such, make them eligible for our special franchisee incentive for individual vehicle needs.

Requirements for Eligibility

A Nissan Fleet Certification Code is required. Franchisees don't need to show the number of vehicles in operation. Franchisees do have to provide documentation to the Nissan Fleet Department that they are in fact a distributor/franchisee of one of the attached parent companies when applying for the cert code.

GOVERNMENT AND NONPROFIT

Special incentives for government and nonprofit organizations

The Nissan Business & Fleet platform also offers special incentive tiers for government and nonprofit organizations. All local and state government entities qualify, without volume requirements, for these very robust discounts. Some discounts apply toward purchases made by nonprofit organizations. (You may verify your status and eligibility by utilizing the Tax Exempt Organization Search on [irs.gov](https://www.irs.gov).)³

Prepaid maintenance

Plan ahead with a variety of available prepaid maintenance plans, with flexibility to accommodate your schedule.⁵

Extended protection plans

Add impressive long-term coverage for mechanical repairs beyond the terms of the factory warranty. Choose from a range of plan options for your needs.⁴

MyNISSAN Rewards

Get rewarded when you bring in your vehicle for service. Apply for the Nissan Visa® card, and earn points on every purchase you make, redeemable toward vehicle service, purchase, or cash back. See your local dealer for details.⁶

Centralized billing

Consolidate your Nissan service invoices into one monthly bill online, and set pre-authorization limits for automatic approvals.

WARRANTIES

Our commitment to your fleet

New Vehicle Limited Warranties

Nissan vehicles are covered by a new vehicle limited warranty, and almost all come with a 3-year/36,000-mile limited warranty (whichever occurs first) and a 5-year/60,000-mile limited warranty for powertrain components (whichever occurs first). See your dealer or warranty information booklet for relevant information.⁴

Big Truck. Big Warranty.

The workhorse of the Nissan Business Fleet, the Nissan TITAN[®] is covered by a 5-year/100,000-mile limited warranty (whichever occurs first). Solidly engineered with an impressive warranty, TITAN is ready to work for you.⁴

Nissan LEAF[®] and ARIYA Limited Battery Warranty

Every Nissan LEAF and ARIYA is backed by a New Vehicle Limited Warranty providing: 3-year/36,000-mile (whichever occurs first) basic coverage; 5-year/60,000-mile (whichever occurs first) powertrain and electric vehicle system coverage; and 8-year/100,000-mile (whichever occurs first) lithium-ion battery coverage.^{4,7}

12 Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

13 Nissan Safety Shield technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information.

14 Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Smartphone or other external device not included.

15 Feature availability is dependent on vehicle model, trim level, packaging and options. Trial included with vehicle purchase. **Consumer activation of NissanConnect® Services package required.** Compatible connected device and wireless network may be required. Refer to connected device's owner's manual for details. Late availability for some features.

Driving is serious business and requires your full attention. Only use features and connected devices when safe and legal to do so. Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location.

Some services and features are provided by and dependent on third party service providers and not Nissan. **Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents.** Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control.

Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods and feature availability may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Subscriptions governed by service provider's subscription agreement, terms and conditions and privacy statements available at service provider's website. Text rates or data usage may apply. NissanConnect® with Wi-Fi terms and conditions of subscriber agreement apply. Trial is included with vehicle purchase on equipped new Nissan vehicles. Once your vehicle has exceeded the coverage parameters of the roadside assistance benefits included with your vehicle purchase, you will be responsible for any charges incurred by obtaining roadside assistance for your vehicle. For complete information concerning warranty coverage, conditions and exclusions, please see your Nissan dealer and read the warranty information booklet.
